CSI Trends Dashboard

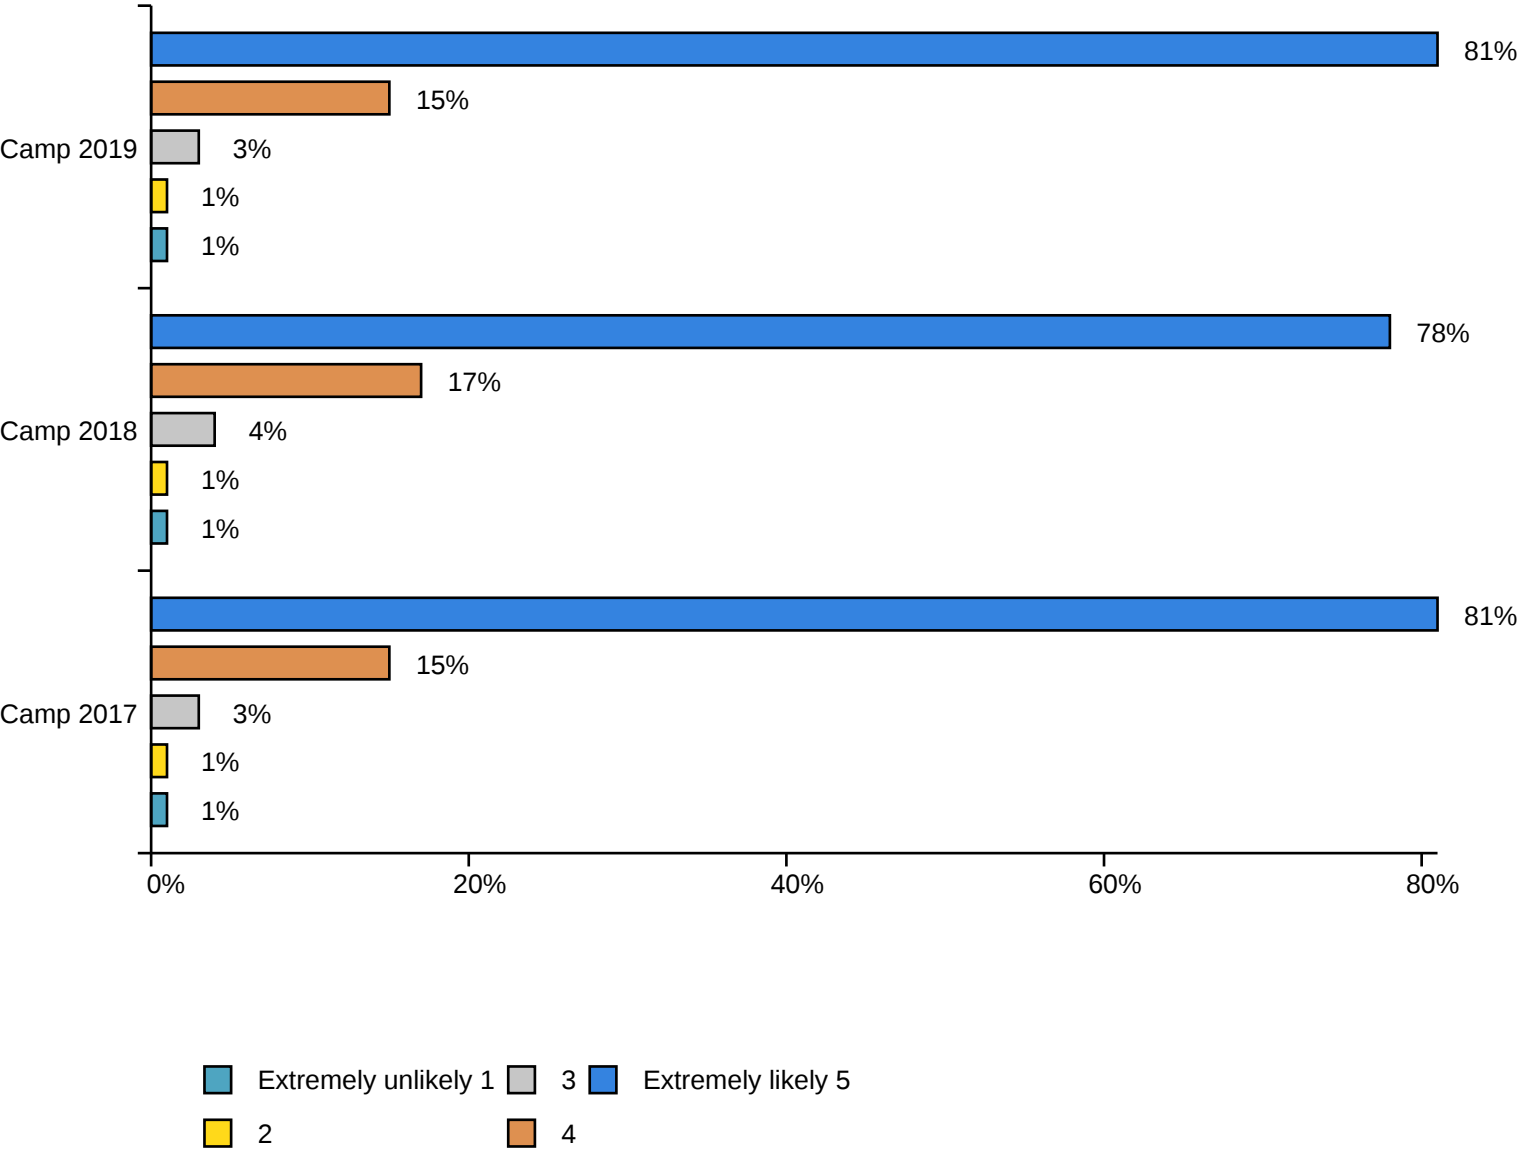

These charts and tables provide up to 3 year trends on all overall summary and dimensional questions.

NOTE: DK/NA percentages are shown but are *excluded from this base*. Only those who provided a 1-5 rating are included in the overall sum of 100% Also, responses per single question are represented twice ---both by one chart and one table. The chart on the left is a visual representation of the same data in the table, shown to its right (just a different way of looking at the same information).

Camper Satisfaction Insights are the property of Foundation for Jewish Camp. Sharing components, reports from these surveys, or the survey's themselves, with those outside of your camp is prohibited without explicit permission of FJC.
